● Disagree	0
● Strongly disagree	0

---

#### 15. I would recommend this school to another parent?

[More Details](#)

● Yes	65
● No	0

## 16. Please comment below on things that the school has done well this year:

47 Responses

ID ↑	Name	Responses
1	anonymous	- Home schooling - one to one support
2	anonymous	Boosting morale you tube videos celebrating national days etc.
3	anonymous	Wore Jed hard through lockdown to operate as normal in a safe environment with minimal disruption to learning
4	anonymous	Ensured children caught up with missed educational activities re covid. Helped children maintain a high confidence level. Fantastic school environment..well done st Johns .
5	anonymous	Online learning
6	anonymous	Maintenance off education during covid.. Kept children in safe bubbles ..covid..followed all guidelines. Ensured my child has faith in herself .
7	anonymous	Complied with all the covid regulations really well and kept our children happy and motivated
8	anonymous	I feel the schools worked well during a difficult year, kept resources available to ensure continuous academic growth for children.
9	anonymous	Worked well with parents and children throughout the pandemic
10	anonymous	They look after my son very well. I trust the teachers, they are always very helpful. I have been happy with all teachers that have taught [REDACTED] if there has ever been a problem it's be dealt with promptly.

11	anonymous	Miss Corr has been an amazing teacher and handled covid, home learning and the children's happiness in school amazingly. My child has loved his year with miss corr
12	anonymous	We believe that since the boys have transitioned from nursery to school they have come on so much.
13	anonymous	The way Mrs Rate has devoted time and resources to looking into [REDACTED]'s auditory memory problems and then putting measures in place to address his issues has been very much appreciated.
14	anonymous	The handling of the covid pandemic must of been a nightmare, think the teachers and all staff did amazing. [REDACTED] health needs have been taken seriously and I feel she is well looked after in school
15	anonymous	Great school for my child, only let down has been a child who thinks it is ok to constantly put other children down, call them names and encourage other children to join in with his "fun". And certain teachers having their favourites and everyone else is invisible!
16	anonymous	Trying to bring the class together in a tough year while not putting too much pressure on children or parents
17	anonymous	Coping with COVID, working well with home learning when required, ensuring the safety of pupils staff and parents

18	anonymous	<p>This year has been tremendously challenging for schools but I feel the school has dealt with it extremely well. [REDACTED] has still managed to thrive and even excel in some areas and that is due to the support and commitment of all at St. John's. [REDACTED] is happy at St. John's and my child's happiness is paramount to me and I credit this to the staff and the environment they create within the school. I appreciate everyone there and am thankful for everything they do</p>
19	anonymous	<p>We're fairly new to the school, only started partway through the year, but my daughter has been welcomed with open arms by the St John's family, and she has loved every minute. We've been updated regularly with her progress, she has had her needs met by the school, and staff made the transition extremely easy for her.</p>
20	anonymous	<p>Dealing with quick turnaround of learning provision when children are sent home to isolate. Encouragement from Mrs Hawken, Miss Kiernan and Mr Lord that the children are doing great and not to worry if there is something they don't understand</p>
21	anonymous	<p>I feel that you dealt well with the pandemic and that all the teachers did their best to continue some normality for the children during these unprecedented times.</p>
22	anonymous	<p>Always kept on top of learning through tough times</p>
23	anonymous	<p>Dealt with issues swiftly and effectively</p>

24	anonymous	Online learning Staggered start times Good response to the pandemic allowing the children to learn under these difficult circumstances
25	anonymous	The school has been amazing this year, everything was extremely well organised when it came to lockdown, which helped as a parent making sure [REDACTED] felt confident when it came to online learning, the support has been brilliant if I needed anything ie printed work it was arranged. [REDACTED] came back into school in the second lockdown, I was very unsure but once I picked him up on the first day the huge smile on his face gave me massive reassurance. He felt relaxed he was happy and I knew with all the measures in place that he was safe.. Thank you 😊
26	anonymous	Kept home school learning as close to class learning as it could have been during lockdown. Lots of topics covered in my child learnings, in particular sign language.
27	anonymous	Dealing with the stress and uncertainty of the pandemic. Although there has been disruption throughout the school year due to the pandemic, [REDACTED] has continued to flourish and this wouldn't have been possible without the support and amazing efforts from staff! Well done!
28	anonymous	Staggered start times are great and makes drop off and pick ups more pleasant.
29	anonymous	The school has done its level best to keep things normal under very trying and often ridiculous circumstances. The staff deserve credit for that.

---

30	anonymous	The school has done its level best to keep things normal under trying and often ridiculous circumstances. The staff deserve credit for that.
31	anonymous	Miss Corr managed the children amazingly throughout lockdown with home schooling
32	anonymous	Miss Button has been an outstanding teacher [REDACTED] has learnt so much and as parents we couldn't have asked for him to have a better first year.
33	anonymous	Providing a range of extra curricular activities. Making learning fun for all children. Lots of opportunities for outdoor learning/play. Home learning during periods of lockdown. Keeping parents informed of events that will be coming up. Being welcoming to parents, despite the restrictions with Covid. Understanding my child and how she learns.
34	anonymous	The school did a much better job when the country went into lockdown again at the beginning of 2021. You were far more organised and had a plan! Your nurturing of the children is lovely to see. The presence of the headteacher in a morning has been a nice thing to see. I hope this continues going forward as it shows parents/carers that SLT are there
35	anonymous	The teachers have been very nurturing and supportive during a very strange period. It must have been very difficult for some children to return to school having been at home for so long. Saying that, our children have felt safe and secure when they have been in throughout lockdown and we are eternally grateful for that. It was very difficult to send our children in school, when

36	anonymous	During the pandemic I feel this school has gone above and beyond to make sure the pupils and parents felt well supported. They are well organised and I always feel my child has been challenged enough for her academic level. It's been a difficult time for all and you've dealt with it the best you can. My child is encouraged to improve her learning and supported when she needs help.
37	anonymous	Obviously a very difficult year. However on the last lockdown when the majority of the class returned to school, I felt that [REDACTED] had been penalised just because I'm a stay at home mum and now he is on a major catch up.
38	anonymous	During a very difficult year they have supported and helped the children to learn to the best of their abilities.
39	anonymous	Covid hygiene/safety must have been good as there have been very few bubbles burst from what I have seen. Continuity of teaching in the long term absence of class teacher in Spring term. Under the circumstances [REDACTED] does not seem to have been affected both with his education and his mental health and well-being.
40	anonymous	Home School learning and massive effort to help children catch up after the Covid Lockdown .

41	anonymous	St. John's is a lovely part of our life. Since [REDACTED] began school in reception we have never had any issues with the school, the staff or polices. It is a nurturing, loving environment and I have seen my child grow and learn leaps and bounds since beginning. For this I am grateful to all the staff and their hard work looking after the children's physical, mental and emotional health when they're at school, especially the past year when there has been a world pandemic! I am looking forward to [REDACTED]'s sisters joining her at St. John's in the future, as from experience it would still remain my first choice as a school for the children!
42	anonymous	My child is very happy in school and has settled well. There appears to be a good strong focus on good behaviour.
43	anonymous	My child is very happy at school and appears to be covering all the basics.
44	anonymous	Keeping the learning going through the pandemic and making sure she knew how to use teams.

45	anonymous	Provided a well rounded education for children whenever covid restrictions has permitted. Sports, arts and crafts and school trips have been an extremely welcome relief for children fed up with Zoom and Oaks Academy. Covid restrictions have also been managed impeccably.
46	anonymous	Enabled the new class to settle into school really well in very strange times. Provided fun activities and opportunities for the children, even during home learning. Reported behaviour issues as they occur rather than allowing things to build up. Although not always happy to do "the walk of shame" to the Reception door I would still prefer to know if there has been a significant issue to report. Love the new canopy! Great idea.
47	anonymous	Got through a very difficult year the best they could. Miss Button/reception have made the year fun and still managed trips and fun actives for the children despite the difficulties, however I feel very let down by Mrs Stryker/year 1 who haven't done anything for the children this year.

## 17. Please comment below on what the school could do better next year:

33 Responses

ID↑	Name	Responses
1	anonymous	Communication is lacking. Standard of school report this year is disappointing. After home schooling last year, and a very different atmosphere this year it would have been better to have details of progress in each subject rather than colour coded with no commentary. Plus pupil of the year awards I disagree with. Every child deserves a pupil of the year award. Very subjective.
2	anonymous	Continue the same good work
3	anonymous	Keep doing what your doing ...
4	anonymous	Address the bullying.....it's been going on for years and the SLT are either oblivious to it or unable to implement strategies to improve it.
5	anonymous	Keep doing what you are doing..Your all fabulous .
6	anonymous	Give more notice on some events (this hasnt always been the case just on some things)
7	anonymous	I feel the children will benefit more from talks in regards to bullying and how words can have a huge effect on confidence. [REDACTED] has had several difficult experiences this year will name calling and children need to be aware of the effects name calling can have.

8	anonymous	No comment
9	anonymous	██████ is leaving this year.
10	anonymous	Make sure class teachers deal with problems instead of it having to escalate to the head teacher before anything is actual done.
11	anonymous	Not to improve on but to try and get the children back to where they need to be ready for the beginning of the transition to high school
12	anonymous	Nothing I think they do a great job in every aspect.
13	anonymous	More communication on what the children are doing in school and in class, maybe tips on how we can help at home to bring them up to speed and bridge the gap from their disruptive learning.
14	anonymous	N/a
15	anonymous	Continue staggered school times per year.
16	anonymous	In the event of future lockdowns, I'd like to see schools in general challenging government narratives a lot more, especially when it comes to school closures and pupils being sent home/tested etc. They've suffered enough.
17	anonymous	In the event of future lockdowns, I'd like to see schools in general challenge government narratives with regard to school closures and children being sent home and tested etc. They've suffered enough.

18	anonymous	Nothing
19	anonymous	Continue doing what you're doing - a fantastic job! Children feel safe and are happy - that's all any parent could ask.
20	anonymous	The school i feel isn't great on communication to parents. Things can seem last minute. I feel a more regular newsletter would keep parents more uptodate with what is going on/what achievements the children have made/whats coming up/ a note from the head or a teacher about whats been going on would be beneficial & interesting to parents.
21	anonymous	The school i feel isn't great on communication to parents. Things can seem last minute. I feel a more regular newsletter would keep parents more uptodate with what is going on/what achievements the children have made/whats coming up/ a note from the head or a teacher about whats been going on would be beneficial & interesting to parents.

22	anonymous	<p>I feel communication is a little on the slow side, although I know it's difficult trying to plan things so communication can be last minute. I would like my child to be included in more sport events of school free extra activities again im aware that such things have only just restarted. I feel that sometimes my child can be overlooked (only a little bit) because she is quite academic and she gets a little upset at home if she isn't recognised or awarded because it's expected of her, a little more recognition such a dojo points would be great, I know she says she tries hard and doesn't get as many point as others.</p>
23	anonymous	<p>If we do go on lockdown again, I do hope you consider the children that have not been in school. I hope there is a plan to help the children catch up. I would also love my child to be able to go on a school trip. He hasn't been on one in reception or year 1.</p>
24	anonymous	<p>I think we could be informed more of what the children are learning about, maybe be able to see some of the work they are doing. I have not seen any of ██████'s work this year.</p>
25	anonymous	<p>Not sure how this could have been done, but it would have been nice if we could have seen some of the work that ██████ has done during the year in his work books. Maybe if parents evening had been on teams then this could have been achieved. If we have to do home learning ever again (!), then having a separate person to teach on line and one for the classroom would work better. Cannot be easy for the teacher to control half the class in the room and also focus on the children at home.</p>
26	anonymous	<p>More outdoor equipment for playtime .</p>

27	anonymous	N/A
28	anonymous	I expected more updates to have been given on tapestry or another forum. Other than parents evenings I haven't received anything else to indicate at what level they are at. I though the school report was very generic and I would have liked to have seen a bit more about what they were good at or needed more help with.I am worried about the jump to year 1 without the usual opportunity for transition being available. I am overall happy with the school but do feel very distant from it but I appreciate it hasn't been easy to do that this year. I really hope school assemblies can start again next year, as reception haven't had the opportunity to have a single one yet.
29	anonymous	I would like more information as to what the children are covering in school. During lockdown I realised how little info I had been given previously. I was concerned about the number of videos they were watching and did ask if this was usual practice. I didn't receive a reply. I did feel that the children at home were let down during the 2021 lockdown and that they were left to get on with it without sufficient support. They were too young to be expected to engage with the online classes and no alternative was offered. I was expecting more support to be made available when they returned to school but I have not received any updates or information to say whether or not that actually took place. I would like to know what topics the children will be covering throughout the year.

30	anonymous	Maybe an email/text at the start/throughout of the year so we know when things are due back in. Reading books, etc.
31	anonymous	Be more aspirational for children - especially those who have perhaps not been as ambitious for themselves as they should be. More extra curricular activities (not just sports) More parish/faith based activites, events, celebrations, assemblies, prayers in class and as a school (Covid-19 permitting of course).
32	anonymous	Provide stretch and challenge for more capable children in school time and take more stock of where they are at when they start Reception. Appreciate it was not possible to visit nurseries in 2020 though so been difficult to know starting points. Involve RE Lead/parish in RE topics which deal with faith matters - video clips exploring CofE church not ideal - hopefully post Covid-19 more trips to church, Mass and faith celebrations would be possible Very small class size which limits friendships and social skills. This will be more of a concern as the children get older
33	anonymous	More activities/educational trips for the children as they too have had a difficult and disruptive year.

18. Please rate the school for its overall effectiveness:
